Employment:

2012-Present: Milano & Grunloh Engineers, LLC
2002-2010: Thouvenot, Wade & Moerchen, Inc.

Matt Niebrugge joined our firm in 2012, and serves as an Engineering Technician and Field/Lab Technician.

Hobby Lobby

Hobby Lobby opened a new store in Effingham in 2019. Milano & Grunloh Engineers assisted in the revitalization with providing an ALTA Survey and topographic survey for the site, as well as furnishing construction staking, construction inspection, and material testing.

HSHS St. Anthony's Health Center

In late 2018, HSHS St. Anthony Memorial Hospital in Effingham completed construction on the new two-story Effingham Medical Center with each story being 23,169 SF. Milano & Grunloh Engineers provided an ALTA survey, civil design, site plan, on-site construction staking, storm water pollution prevention planning and inspection, and material testing for this project.
