Employment:

1999 - Present: Milano & Grunloh
Engineers, LLC

Lee R. Beckman, P.E., P.L.S., has been a consulting Civil Engineer since 1999, and a Professional Land Surveyor since 2004. Lee has extensive experience in the operation of a civil engineering firm and in all aspects of project development, design and construction.

Heartland Dental Home Office Addition

Heartland Dental expanded their home office building, located on the North side of the City of Effingham, with a 16,986 square foot addition to the west side of their existing building including an additional parking area. Milano & Grunloh Engineers provided the topographic and boundary surveys, along with the site plans, detention calculations, on-site construction staking and material testing.

Patterson Technology Center

The new Patterson Technology Center is located in the Network Centre Business and Technology Park in Effingham, Illinois. Milano & Grunloh Engineers provided ALTA and topographic surveys, electronic survey media for design, site plans for the infrastructure improvements, on-site construction staking, construction inspection and material testing.
